The Eurasian Library Forum in Orenburg: relevant trends of cooperation in the age of information technologies

Abstract. Basing on the materials of the Eurasian Library Forum held in Orenburg on August 31, 2018, the article considers the issues of strengthening existing ties and developing new ones for experience exchange, development and implementation of joint projects between libraries of Russia and Kazakhstan in the sphere of cultural and educational activities, popularization of national diversity, and prevention of xenophobia. The authors analyze presentations made at the forum and conclude that it is necessary to combine the efforts and resources of library institutions of Russia and Kazakhstan within the framework of integration processes in the Eurasian space, which will provide the widest pos-

sible access to the achievements of world culture and the richness of national cultures on the basis of constant exchange of information.

Key words: library forum; Eurasian space; integration processes; international relations; international cooperation of libraries; humanitarian ties.

Irina N. Tishina,

Aleksandr Solzhenitsyn House of Russian Expatriates, Moscow, Russia

Humanitarian actions of the Aleksandr Solzhenitsyn House of Russian Expatriates

Abstract. The article presents an overview of the activities of the Aleksandr Solzhenitsyn House of Russian Expatriates and, in more detail, the program of book assistance to secular and spiritual institutions of members of the Commonwealth of Independent States — Armenia, Azerbaijan, Belarus, Kazakhstan, Moldova, Russia. This area of work is exemplified by the House's actions to transfer book gifts to leading higher education institutions of partner countries of the post-Soviet space in 2017–2018.

Key words: House of Russian Expatriates, Russian emigration, book assistance, CIS countries.

Oksana A. Khomyakova,

L.N. Tolstoy Centralized Library System, Oktyabrsky District, Novosibirsk, Russia

Library image: five tips from work experience

Abstract. The article analyzes and sums up the results of twenty years of work of the L.N. Tolstoy Centralized Library System of the Oktyabrsky District of Novosibirsk, on the formation of a positive image of the organization. The period from 1998 to 2018 is taken. There is considered the activity of a particular library system. The article is based on five tasks to form a successful brand, and the goals and results of this activity.

Key words: library brand, library image, promotion, slogan, logo, user, library name, comfortable environment, library events.

Tatiana E. Smolina,

Presidential Library, Saint Petersburg, Russia

Promotion of library activities in the external environment (by the example of the Boris Yeltsin Presidential Library)

Abstract. The article considers such activity directions of the Presidential Library as socially significant projects and events' information support in mass media and social networks, creation and promotion of its own audiovisual products, development of the institution's Internet portal.

According to the author's opinion, the chosen directions contribute to disclosure of the library collections, acquisition of new digital resources, development of cooperation with different

organizations and authorities, implementation of new socially significant projects, increase in the number of partners and visitors, and, in general, to a positive image of the institution aimed at preserving historical and cultural heritage, forming a knowledge space, ensuring the rights of citizens to objective and reliable information.

Key words: Boris Yeltsin Presidential Library, information support, mass media, social networks, socially significant projects, digital resources, audiovisual production, Internet portal.

Elnara A. Alieva,

Namangan Engineering and Technology Institute, Namangan, Uzbekistan

Prospects of innovative development of information and resource centers of Uzbekistan

Abstract. The article is devoted to innovative development of information and resource centers of Uzbekistan, by the example of the Namangan Engineering and Technology Institute. The author gives characteristics of the problem situation, the center of which is the necessity to introduce innovative methods and tools in activities of the information and resource centers (IRC) to improve the implementation of contemporary demands of readers, especially those of young people. One of the ways to solve this problem, according to the author, is to use audio and video books more actively and to conduct training lessons with the help of them.

Key words: information and resource center (IRC), library, audio book, video book, audio and video lessons, study of readers' demand, Namangan Engineering and Technology Institute.

Marina V. Volkova,

Russian State Library, Moscow, Russia

Pages of the history of the Russian State Library's archive

Abstract. This article is devoted to the long history of the archive, rooting back to the history of the Rummyantsev Museum, and to the first head of the Library's archive – scientist, professor, archivist Vitaly Osipovich Eingorn, who laid the foundations of archiving in the Library. The au-

thor tells about the unique composition of the archive's collections, main directions of its work, where everything is important: acquiring the collections, ensuring their safety, working on the reference aids, and, eventually, using the archival documents for reference, scientific and practical purposes. Moreover, there is a growing genuine interest in history in general. The history of collecting the archive of the largest library, which is the Russian State Library, can be of interest to a wide range of researchers. The Library's archive is in demand more than ever. Therefore, the author's task is to remind, once again, that everything passes, yet the documents remain, should remain.

Key words: Russian State Library, Library's archive, V.O. Eingorn, acquisition of archive, use of archival documents.

Nadezhda M. Vishnevskaya,
